- File *jcom.list2parameter.maxhelp* added
- Assignee set to *Adrian Gierakowski*
- % Done changed from 0 to 80

the jcom.parameter is not reacting to ramp message since @ramp/drive is set by default to none.

I am attaching a corrected patch with the missing "@ramp/drive scheduler" attribute attache.

#2 - 2010-07-12 01:51 pm - Trond Lossius

- Status changed from *New* to *Resolved*
- Assignee changed from *Adrian Gierakowski* to *Trond Lossius*

I'll review and commit the change today.
