

## Modular - Feature Request #803 resurrect the enable attribute on returns

2011-07-02 04:51 pm - Pascal Baltazar

<b>Status:</b>	Closed	<b>Start date:</b>	2011-07-02
<b>Priority:</b>	Normal	<b>Due date:</b>	
<b>Assignee:</b>	Théo de la Hogue	<b>% Done:</b>	0%
<b>Category:</b>		<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	MVC for 0.6	<b>Spent time:</b>	0.00 hour
<b>Branch:</b>			
<b>Description</b>			
in 0.5 there was an "enable" attribute in jcom.returns that allowed to silent the ones that we didn't want to continuously provide data - this is currently missing in 0.6			

### History

#### #1 - 2011-07-04 03:01 pm - Théo de la Hogue

- Status changed from New to Resolved

the attribute is now available for return only.

The wrapping mechanism of the TTDData class make this attribute invisible from Max when you click on the inlet but it works.

#### #2 - 2011-07-17 06:08 pm - Pascal Baltazar

is this a message or an attribute ?

because, as a message it works, but when I set it as an attribute of jcom.return, it doesn't, and complains :  
jcom.return: "enable" is not a valid attribute argument

#### #3 - 2011-07-23 04:52 pm - Pascal Baltazar

- Status changed from Resolved to Assigned

#### #4 - 2012-05-12 01:25 pm - Théo de la Hogue

- Status changed from Assigned to Closed

it is an attribute and there no error now so it have been fixed.
